Purcellville Town Council  
130 E. Main Street  
Purcellville, VA 20132

Attn: Mayor Robert W. Lazaro, Jr.

Dear Mayor Lazaro and Members of the Town Council:

The purpose of this letter is to express the support of the Board of Directors of the Purcellville Business and Professional Association for completing the construction of the Southern Collector Road (SCR). This project has been on the Town of Purcellville's Comprehensive Plan, PUGAMP and Loudoun County's Transportation Plan for years. Most of the road has been designed, permitted, and constructed. The final segment is currently being considered. It would help to alleviate the traffic on Main Street and it would channel cars headed to homes to the south of town. Further, it would help to reduce vehicular traffic from the Main Street/Maple Avenue intersection. As a business and professional association, reducing residential commuter congestion on Main Street will benefit the businesses located there.

We understand that there is opposition to the annexation or condemnation of land for the purpose of building this road. PBPA remains confident that you are doing your best to work with the landowners affected to mitigate the adverse impact on the owner's business interests.

Thank you for considering the many benefits to the business community of completing this important project.

Sincerely yours,

A handwritten signature in black ink that reads 'Mark Mc Gregor'. The signature is written in a cursive style with a large, prominent 'M' and 'G'.

Mark Mc Gregor  
President
